I'm currently a developer with over two year's experience using the Angular framework. In addition I have two years experience using React for many personal projects using various third party API's. I also have professional experience with .NET and C# alongside personal Python development.

SOFTWARE DEVELOPMENT EXPERIENCE

Professional Experience

- Built a globally-used web application using components in the Angular framework.
- Contributed to a .NET API project that handles data between the UI and database.
- Developed a MS SQL Server database by writing queries, creating tables and adding data.
- Maintained a SASS library to ensure compliance with Sketch designs across the application.
- Managed UI data flow using a NgRx store for state management across components.
- Organised data using class-based inheritance with interfaces, models and viewmodels.
- Troubleshooted application issues with IDE debugging and Chrome DevTools.
- Authored unit tests using Jest for testing of components, models and services.
- Provided E2E testing with Cypress for multi-component functionality.
- Enhanced app performance and resolved circular dependencies using NX libraries.
- Streamlined code management using code reviews, Git and Azure DevOps.

Personal Projects

- ❖ **Spreche Deutsch**
An educational application for learning German using NextJs, Python and Postgresql.
- ❖ **Strava Dashboard**
An application that displays exercise data made using NextJs , Tailwind CSS and Strava.
- ❖ **Can I Calorie**
An application that calculates caloric balance using Angular, RxJs and NgRx.
- ❖ **Portfolio**
A portfolio website made using NextJs, Tailwind CSS and Contentful CMS.
- ❖ **Handcrafted By BarbaraRuth**
A marketing website made using GatsbyJs, GraphQL, Tailwind CSS and Contentful CMS.
- ❖ **WW2 European Map**
An application that shows battles of WW2 made using HTML, SASS, Js and Webpack.

Technologies Used

- ❖ **Front-End**
HTML5 | CSS3 | SASS | TailwindCSS | JavaScript | TypeScript | Angular | React | Next.js | Gatsby.js | RxJs | NgRx | Nx | ESLint | Git | Webpack
- ❖ **Back-End**
.NET 8 | C# | MS SQL | Python | FastAPI | PostgreSQL

❖ Testing

Jest | Jasmine | Cypress | VS Code Debugger | Chrome DevTools | Postman

❖ Development Tools

Visual Studio Code | Visual Studio | Git | Azure DevOps | OpenAI

EDUCATION

Mill Hill School and Sixth Form

GCSE and A-Level Studies

Ripley, United Kingdom

Sept 2011 – Sept 2014

- A-Levels - BTEC Public Services (Distinction*), BTEC Applied Sciences (Distinction), Extended Project (C)
- 11 GCSEs A-C including English (B), Mathematics (C) & Science (A)

Online Web Development Courses

Self-Taught

- | | |
|---|-------------------------|
| • Responsive Web Design | freeCodeCamp – Dec 2021 |
| • JavaScript Algorithms and Data Structures | freeCodeCamp – Jan 2022 |
| • Modern JavaScript From The Beginning | Udemy - Feb 2022 |
| • The Complete JavaScript Course 2022 | Udemy - Mar 2022 |
| • React The Complete Guide | Udemy - May 2022 |

Additional Qualifications

Professional Development

Various, United Kingdom

- | | |
|--|------------|
| | Various |
| • NVQ Level 3 – Personal Training | Feb 2017 |
| • NVQ Level 2 – Fitness Instructing | Dec 2015 |
| • NVQ Level 2 – Customer Sales | Feb 2018 |
| • Mental Health First Aider | March 2019 |
| • First Aid at Work w/ AED | April 2019 |
| • National Pool Plant Management Qualification | Aug 2016 |

WORK EXPERIENCE

Apteco

Software Developer

Warwick, United Kingdom

September 2022 – Present

- Create and maintain a front end user interface using Angular and its component based architecture.
- Develop a .NET 8 API by managing controllers, services and DAO's used across the solution.
- Query and write to a Microsoft SQL Server database that provides the data for the .NET API.
- Write unit tests using Jest to test components, models and services in the projects.
- Write End-to-end tests using Cypress to test functionality across multiple projects in the Apteco ecosystem.
- Utilise various technologies in our workflow such as Git, DevOps pipelines and Docker containers.

- Collaborate with a wider team of developers, designers, testers, support staff, marketers and business executives to deliver internationally adopted software.

Derby Arena

Personal Trainer / Health and Well-being Advisor

Derby, United Kingdom

May 2018 – Present

- Creating individual exercise programmes for a range of clients varying in age, ability, and experience with a keen eye for detail.
- Conducting a wide variety of exercise classes to large groups of people ranging from spin to bootcamps.
- Create and maintain positive, professional, and trusting relationships with clients.
- Accurately record and analyse client biometrics results in accordance with data protection.
- Maintain an online presence through our social media channels such as website, in-house app, Facebook page etc.
- Ensure compliance with the retention strategy to keep clients for continued business.
- Working as a collective team with the cycling, hospitality, events and reception staff for day-to-day tasks and large-scale events.

Alfreton Leisure Centre

Lifeguard

Customer Sales Assistant

Alfreton, United Kingdom

August 2017 – May 2018

April 2017 – August 2017

- Working to a monthly sales target with daily KPIs such as calls, interactions and lead requirements.
- Having a robust lead generation system that involved outbound calls, community interaction and face to face tours.
- Closing sales on a variety of services and up-selling/cross-selling to hit income targets.
- Post-sale support given to clients with check-up calls and emphasis on referral generation.
- Creating effective marketing campaigns to generate interest and revenue for our facility.
- On-going professional training to ensure we are following the latest guidance from the governing bodies.

William Gregg VC Leisure Centre

Relief Duty Manager

Lifeguard

Heanor, United Kingdom

Feb 2016 – April 2017

Sept 2014 – April 2017

- Managing the operations of a multipurpose leisure centre with swimming pool, modern gym, sports hall and preschool creche.
- Being responsible for the handling of the cash in the building involving banking and documentation of our transactions.
- Delegating the daily tasks amongst the staff to ensure our service standards are always met and problems are dealt with in a timely manner.
- Motivating the team under heavy workload and taking ownership for the operations of the building.
- Ensuring health and safety is always adhered to especially given the potentially dangerous nature of a gym and swimming pool.

- Policing the streets of Derbyshire with integrity and impartiality, delivering a high-quality service to the people of the county.
- Conducting investigations towards crimes and providing support to victims of those offences.
- Write statements, use police systems, and present evidence in court to support the justice system in the prosecution of offenders.
- Assisting at the scene of incidents to ensure safety and effective investigations.
- Staying up to date with the law and changes to policing guidelines, ongoing training was a signature part of the role.
- Being flexible with working hours if required to ensure that the constabulary was sufficiently staffed during peak times.

SKILLS & INTERESTS

Skills

- **Customer Service Excellence**
Demonstrated extensive experience across all customer service facets, from lead generation and sales to service delivery, ensuring a seamless customer journey.
- **Community Engagement**
Proven ability to forge strong connections across diverse communities, leveraging my fitness and social networks to build rapport and inspire others.
- **Motivational Leadership**
Highly motivated with a passion for inspiring and uplifting those around me, fostering a positive and dynamic work environment.
- **Rapport Building Expertise**
Exceptional skills in establishing and nurturing relationships, honed through years of customer service experience.
- **Process Management**
Proficient in understanding and managing complex processes, with a keen ability to see how different components work together for efficient operations.
- **Team Collaboration**
Effective team player with the versatility to both lead and follow, ensuring team objectives are met with excellence.

Interests

- **Athletics**
Avid participant in running, cycling, and swimming, with extensive experience in competitive environments. This includes a longstanding membership in a competitive swim club achieving Midlands and regional level recognition.
- **Archery**
Competent in both field and target archery with varying bow types (recurve, compound, crossbow).
- **Winter Sports**
Enthusiastic skier and snowboarder, engaging in both sports for recreation and challenge.
- **Outdoor Activities**
Passionate about the outdoors for both relaxation and physical exercise. Regular long distance runner in various locations around the Peak District. Keen hiker with many holidays to Wales and the European Alps for mountainous adventures.
